	In FY18, CMA's website www.SeeWinter.com generated 14 million page
	views, 10.1 million of those views were animal and education content.
	Our Facebook animal and educational pages in FY18 generated about 42
	million views, of which about 26 million included views of videos.
	The Education Department reached approximately 13,127 students who

#### Part V, line 4:

The Organization's third-party endowments consist of two externally managed funds established for a variety of purposes. The endowments are both donor-restricted endowment funds. The funds are held therefore the Organization has no direct third-party trustees and the investment policy of either fund. influence The Organization classifies as permanently restricted net assets the original value of the gifts donated to the permanent endowments. As required by GAAP, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions. Organization's policy is to appropriate interest and dividends received from these endowments for operations. Therefore, interest and dividend

income is reported as unrestricted on both the combined statement of activities and statement of activities.

The Board of Directors of the Organization has interpreted the Florida

Uniform Prudent Management of Institutional Funds Act (FUPMIFA) as

requiring the preservation of the fair value of the original gift as of
the gift date of the donor-restricted endowment funds absent explicit

donor stipulations to the contrary.

As a result of this interpretation, the Organization classifies as

permanently restricted net assets (a) the original value of gifts donated

to the permanent endowment, (b) the original value of subsequent gifts to

the permanent endowment and (c) accumulations to the permanent endowment

made in accordance with the direction of the applicable donor gift

instrument at the time the accumulation is added to the fund.

All permanently restricted net assets consist of perpetual trusts held by third parties. For all endowment funds, the donors have stipulated that additional accumulation of funds above and beyond the permanent endowment are unrestricted as to purpose, however the Organization reports the accumulation of funds as temporarily restricted net assets until the funds are distributed by the trustees to the Organization and appropriated by the Board of Directors.

#### Part X, Line 2:

The Organization has been recognized by the Internal Revenue Service as a tax-exempt organization described in Section 501(c)(3) of the Internal Revenue Code of 1986 and has been classified as an organization that is not a private foundation under Section 509(a).

The Organization accounts for the effect of any uncertain tax positions based on a "more likely than not" threshold to the recognition of the tax

Form 990, Part III, Line 4a, Program Service Accomplishments: home school groups, and education centers at a reduced rate.

While on our educational Eco-boat Tours, 80,553 guests were inspired to protect and preserve the marine environment. CMA partnered with several local schools in the area to offer marine science based afterschool programs.

The CMA Education Department worked with at least fifteen other local and national groups on various projects, special events held at the Aquarium, and trained interns from 15 colleges. The Education Department last year reached over 342,500 members of the community at festivals, tabling events, community events, and programs.

Over the past six years, CMA has gone to over 123 schools as part of the Great American Teach-In, reaching over 7,800 students.

Form 990, Part III, Line 4b, Program Service Accomplishments: and Walle were introduced in December 2018 with a goal of forming a friendly bond over time, and this has succeeded. The great white pelicans, Ricky, Skylar, Matthew and Tyndall, were able to be front and center for our guests with the new expansive viewing window that was installed into the aviary. Three of these pelicans came from other facilities that could no longer care for them, and since they are unable to survive in the wild, we offered to provide care for them.

continued to meet and inspire our many guests who visit the aquarium as they are able to watch our team provide their daily care.

#### Sea Turtle Residents:

In July 2018 there was a bifurcation of the sea turtle department to provide further enhancement for the standard of care and attention to detail for resident turtles and rehab patients. The Sea Turtle and Aquatic Biology department was formed with the goal of educating guests more effectively, allowing them to understand, and connect with our resident sea turtle collection in a fun and relatable manner.

Ultimately, these educational moments aimed to promote conservational action to further protect the threatened and endangered species we care for. This team has increased education of our guests at various habitats throughout the aquarium, improved animal welfare through the use of positive reinforcement techniques and provided constructive environmental enrichment devices to the habitats. We ended the year with the introduction of a rescued juvenile loggerhead sea turtle, "Snorkel," who has sustained trauma resulting in the loss of both eyes as well as the absence of the upper jaw.

#### Sea Turtle Rehab:

2018 has been a very busy year for the sea turtle rehabilitation team
and it began with a significant increase in intakes of endangered or
critically endangered sea turtles due to the cold weather in January
2018. The team worked tirelessly to triage each of these turtles and
make sure they received the appropriate care. As soon as temperatures
were appropriate, many of these turtles were released back into the
wild, always our goal. The dozen cold stun Kemps ridley sea turtles

that were transferred to us in December 2017 were successfully released on the east coast of Florida.

Bowser was our first adult, male loggerhead to be fitted with a satellite tag. The tag has provided valuable information since there is limited data regarding male behavior and travel patterns outside of nesting season. In total, 73 sea turtles and 109 hatchlings successfully underwent rehabilitation and were released back out into their natural habitat. All of these are either endangered or critically endangered species. This was our second busiest year ever for sea turtle responses and intake.

#### Rescue:

The 2018 year was a busy one for Clearwater Marine Aquarium's Rescue team, which received a total of 1,060 reports regarding potentially distressed dolphins, North American river otters, birds, and manatees. The team, in collaboration with other members of SEUS stranding network, coordinated responses to 41 cetaceans, 5 otters, 5 birds, and 25 manatees in distress. CMA participated in two bottlenose dolphin disentanglements, including CMA-Tt-1804 "Lenny," which occurred in Clearwater Bay. Post disentanglement, the team has participated in regular monitoring efforts to evaluate his condition. The Rescue Team continued outreach efforts by conducting stranding demonstrations and attending area science festivals. Furthermore, the team focused on capacity building by conducting fourteen emergency first responder training sessions with area law enforcement, fire rescue, and park rangers. In August 2018, Clearwater Fire Rescue Personnel, trained by CMA, assisted in the response of a mass stranding of pygmy killer whales on Sand Key Beach.

#### Sea Turtle Nesting:

The sea turtle conservation program started the 2018 season with a Sea

Turtle Awareness day held on Clearwater Beach, where over 850

participants from the community collected an average of 900 lbs of

trash during the beach clean-up. Throughout the season, we patrolled

thirteen miles of Pinellas County beaches each day, ending with a total

of 180 nests and 13,864 hatchlings successfully making their way into

the Gulf of Mexico. During the year, our team incorporated new

training programs for our many volunteers and interns. Additionally,

we are continuing our conservation efforts and educational outreach by

implementing workshops to educate the Hispanic community about sea

turtle conservation efforts. One of our key community-based

educational programs is to educate the beach communities on proper

beach lighting for sea turtle nesting.

Form 990, Part VI, Section B, Line 12c:

Any Board Member that has a potential conflict of interest, as defined in our Conflict of Interest statement, must bring it to the Board of Directors for review. The Board subsequently makes a determination on the issue. The conflict must be raised prior to any director voting on an issue for which they have a potential conflict.

Form 990, Part VI, Section B, Line 15:

The Board of Directors of the Clearwater Marine Aquarium (CMA) is totally responsible for determining the compensation for its Chief Executive Officer (CEO), who is a member of the Board, and for compensating him based on his performance as compared to specific goals and objectives established for him by the Board of Directors. The By-laws of the CMA call for the formation of a Compensation Committee, the membership of which is composed of the Executive Committee of the Board of Directors. Based on the short and long term strategies and objectives of CMA, the Compensation Committee is empowered by the Board of Directors and charged with establishing criteria and objectives for CEO performance and annually evaluating and determining achievement of performance of the CEO and levels of incentive payouts for both qualitative and quantitative objectives. The Compensation Committee obtains and reviews market survey data from a number of independent studies and surveys from which data is obtained for comparable positions at comparable organizations. For use in determining CEO compensation for 2018, market survey data from five separate independent sources was utilized by the Compensation Committee: Grant Thornton LLP's

Compensation and Benefits Consulting Services who conducted a comparable market compensation review of the CEO's compensation program to ensure it is competitive, reflective of best practices and fully supportive of CMA's mission and strategy; the POE Group, an independent executive compensation consulting firm specializing in the design and implementation of corporate pay systems for top management who conducted an evaluation of the reasonableness of CMA's CEO total compensation package considering the duties and responsibilities of the position; the 2016 Member Compensation Survey conducted by the Association of Zoos and Aquariums (AZA); the 2017 Survey of Compensation and Benefits sponsored by the Monterey Bay Aquarium and the National Aquarium and conducted by Fitzgerald's Compensation Consulting Services, Inc., an independent third-party compensation consulting organization; the 2018 GuideStar Nonprofit Compensation Report of key employee compensation at more than 112,000 charitable nonprofit organizations. In addition to these independent surveys, the Compensation Committee themselves also reviewed the Form 990's from comparable organizations to evaluate and determine the reasonableness of CMA's compensation for its CEO and senior level staff. The Compensation Committee of the Board of Directors is also empowered by the CMA By-laws to evaluate compensation ranges, both base salary and potential bonus, for newly created positions of CMA senior staff and to periodically review compensation ranges of all CMA senior staff positions to ensure competitive and fair compensation levels with those of similar organizations with similar responsibilities. The Compensation Committee, which is the Executive Committee of the Board, presents the recommended compensation, both salary and bonus, of the CEO to the full Board who approves the compensation.

# Florida Tentative Income / Franchise Tax Return and Application for Extension of Time to File Return

F-7004 R. 01/17 Rule 12C-1.051 Florida Administrative Code Effective 01/17

### Information for Filing Florida Form F-7004

F-7004 R. 01/17

When to file - File this application on or before the original due date of the taxpayer's corporate income tax or partnership return. Do not file before the end of the tax year.

To file online go to www.floridarevenue.com

Penalties for failure to pay tax - If you are required to pay tax with this application, failure to pay will void any extension of time and subject the taxpayer to penalties and interest for failure to file a timely return(s) and pay all taxes due. There is also a penalty for a late-filed return when no tax is due.

**Signature** - A person authorized by the taxpayer must sign Florida Form F-7004. They must be (a) an officer or partner of the taxpayer, (b) a person currently enrolled to practice before the Internal Revenue Service (IRS), or (c) an attorney or Certified Public Accountant qualified to practice before the IRS under Public Law 89-332.

**The Florida Form F-7004 must be filed** - To receive an extension of time to file your Florida return, Florida Form F-7004 must be timely filed, even if you have already filed a federal extension request. A federal extension by itself does not extend the time to file a Florida return.

An extension for Florida tax purposes may be granted, even though no federal extension was granted. See Rule 12C-1.0222, F.A.C., for information on the requirements that must be met for your request for an extension of time to be valid.
